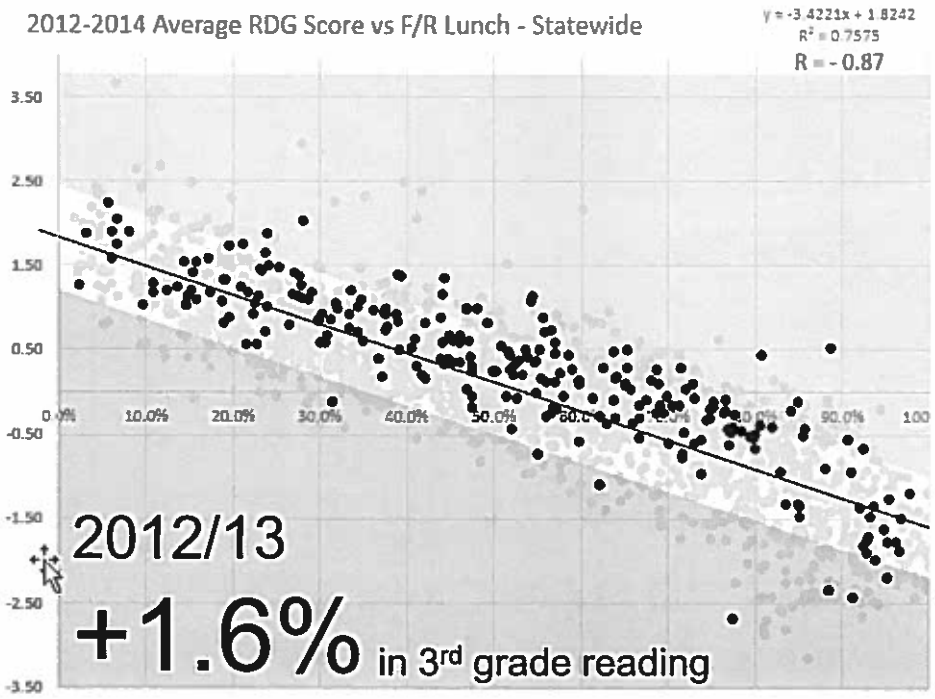
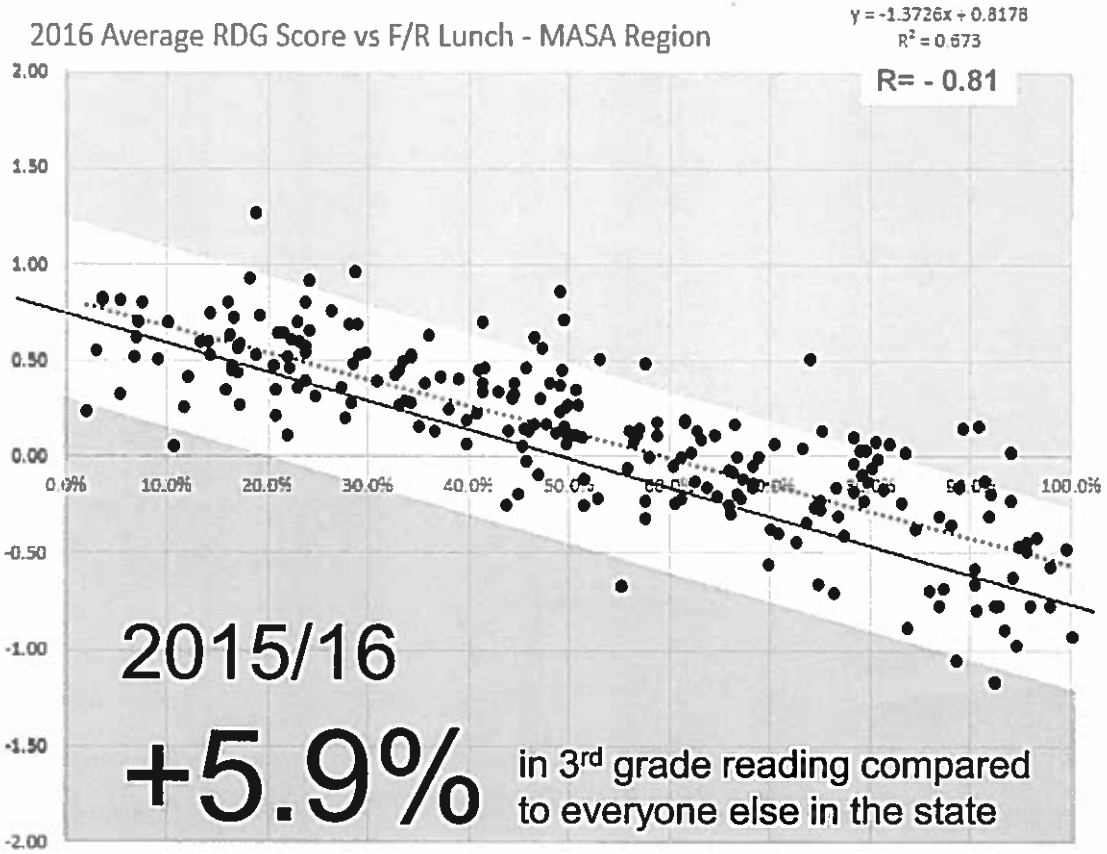
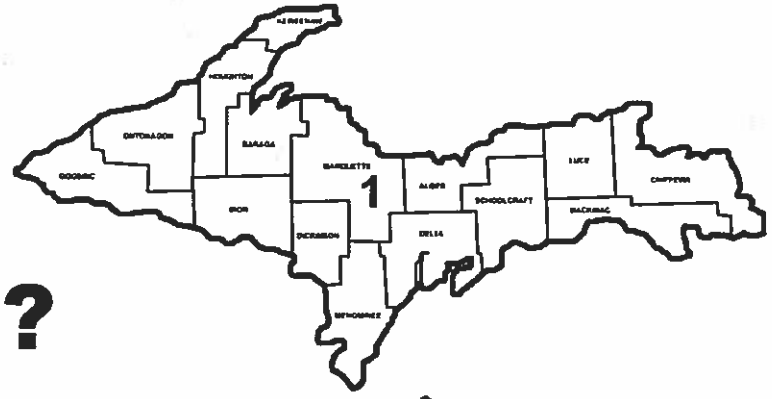
Region 3 then and now...





READING NOW NETWORK



Statewide Impact?

- Region 3 increased from 1.6 – 5.9%
- Represents 915 more students in 3rd grade who are proficient in Region 3.
- IF statewide the red schools moved up to the line, the schools on the line moved up to the green:
  - High poverty schools: From 25% to 52% proficient
  - State Average: From 43% to 70% proficient
  - Low poverty schools: From 65% to 92% proficient
  - 27% statewide would mean over 30,000 more students proficient
