STRATEGIC FOCUS

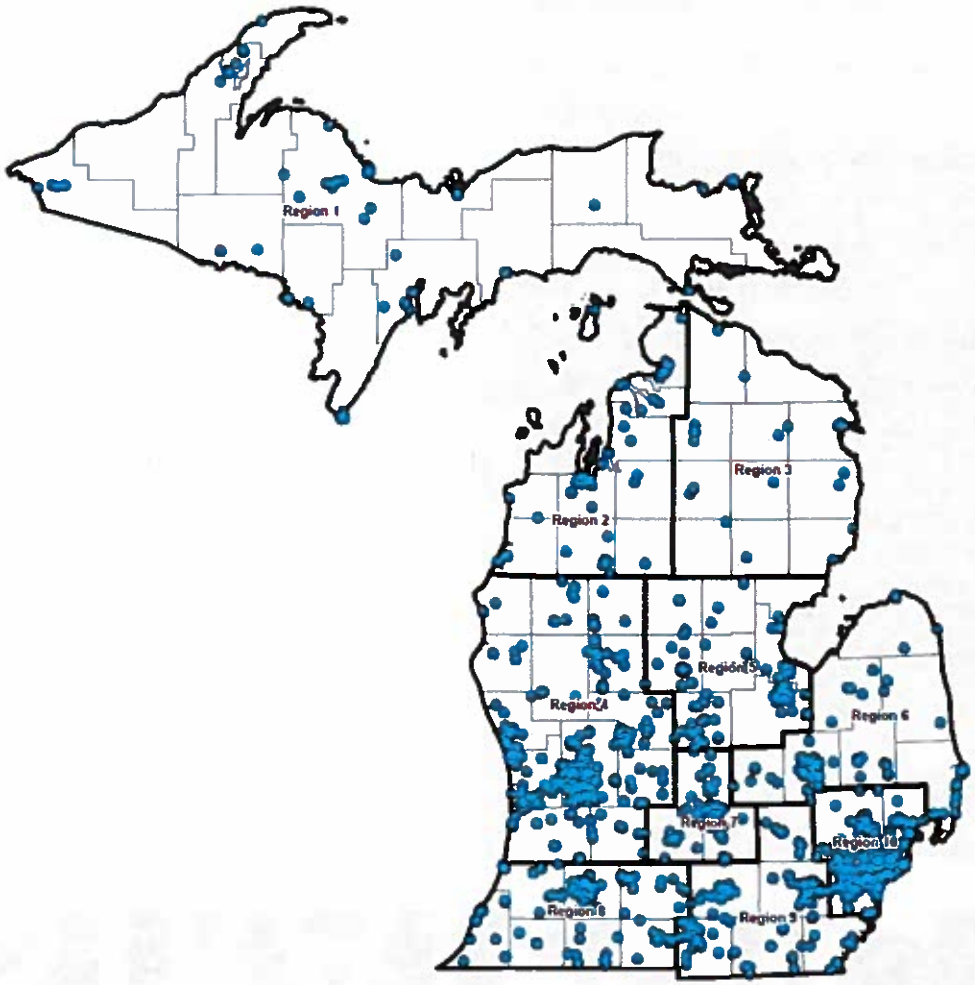
1. Business Investment

2. Community Vitality

PURE MICHIGAN

3. Image

1,653 TOTAL PROJECTS ACROSS MICHIGAN FROM JAN 2013 – MAR 2017



Projects utilized the following programs:

- Business Development Program
- Brownfield Tax Increment Financing
- Community Development Block Grants
- Community Revitalization Program
- State Small Business Credit Initiative
- 21st CJF
- Other Programs[1]

1. Other programs include: Community Ventures, Private Activity Bonds, Tribal Business Development, SBITC, Jobs Training Assistance Program, Brownfield MBT, CCSTEP, Core Communities, Corporate Community Development Funding, RenZone, SET, and MiMatch.

2017 - 2018

STRATEGIC FOCUS

BUSINESS INVESTMENT: CORE FOCUS

1. Retain and grow Michigan businesses
2. Maintain and strengthen our global automotive leadership
3. Grow value-added agriculture and natural resource economy
4. Accelerate manufacturing innovation
5. Strengthen and develop our mobility initiatives
6. Attract and grow aerospace manufacturing
7. Grow Michigan exports
8. Deliver key entrepreneurial and economic gardening services
9. Aggressive national and international business attraction
10. Protect and grow our defense-related industries

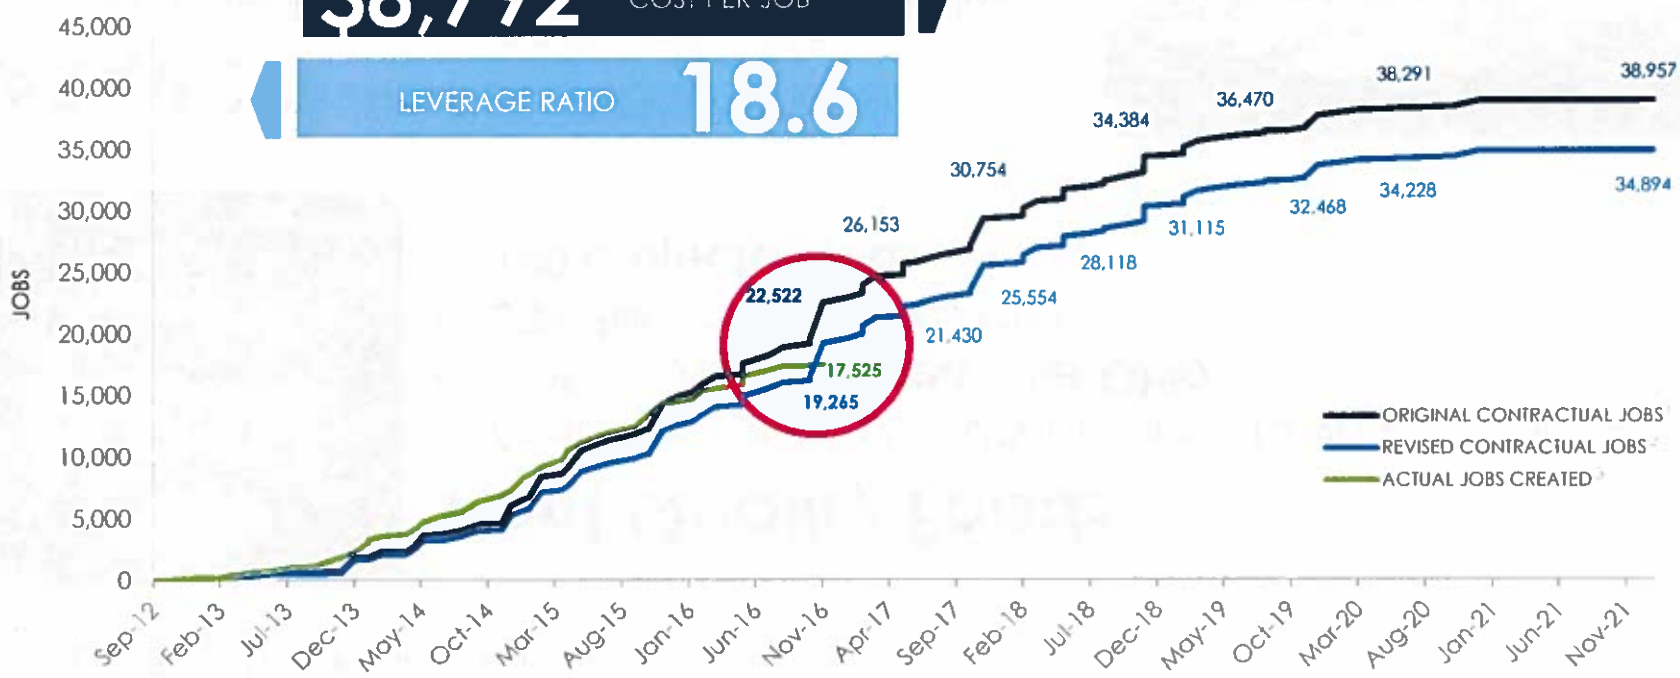
BUSINESS DEVELOPMENT PROGRAM

The Business Development Program expects to create 34,894 jobs by 2021.

TO DATE, COMPANIES HAVE CREATED **17,525** VERIFIED JOBS, COMPARED TO **19,265** JOBS CONTRACTUALLY COMMITTED TO BE CREATED

$8,792 COST PER JOB

LEVERAGE RATIO **18.6**



1. "Original Contractual Jobs" are jobs that companies are contractually committed to create by a certain date which includes deals that have been dismissed.
2. "Revised Contractual Jobs" are the milestone jobs contractually committed to be created of active deals as opposed to all deals.
3. "Actual Jobs Created" are new jobs verified via a sampling method. Fifteen percent of a random sample of new hires, usually a minimum of 5 and a maximum of 50 new hires are evaluated against payroll data.

BUSINESS DEVELOPMENT SUCCESSES

78 percent of the BDP deals are expansion projects and have an average of 127 jobs per project.

Kent Quality Foods

- Food processing facility in Jamestown Charter Twp.
- KQF chose **Michigan** over **Ohio**
- **$38.9M** capital investment
- **140 projected jobs**

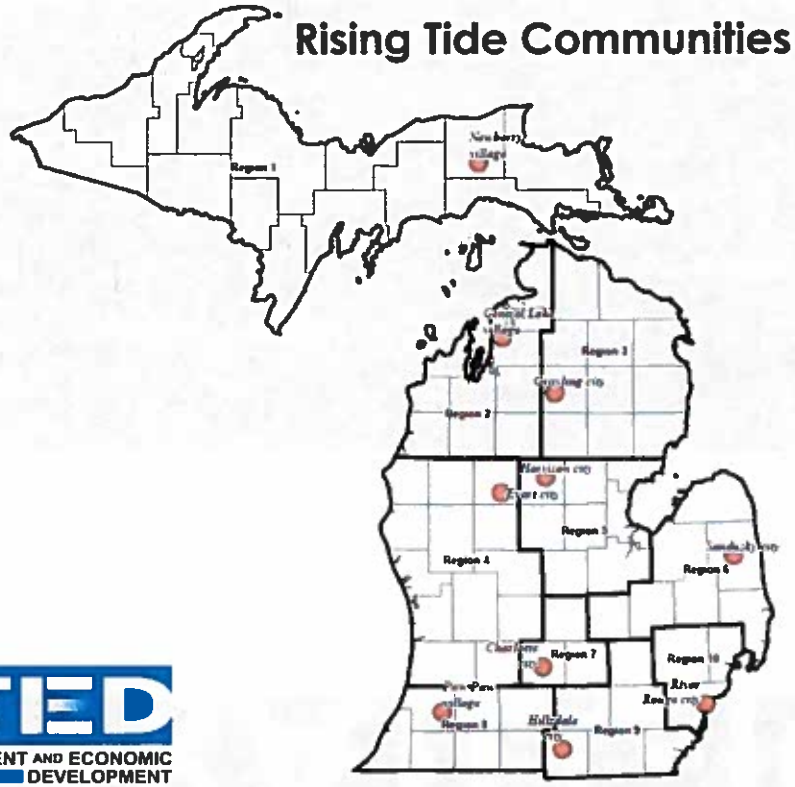
MICHIGAN ECONOMIC DEVELOPMENT CORPORATION

risingtide

an initiative of
the Michigan Department of
Talent and Economic Development

Providing at-risk communities with the tools needed to design and build a successful economic framework.

Rising Tide Communities



- The program goal is to increase the capacity of each community to address the many varied needs of its citizens and stakeholders.
- One community in each of the ten Michigan Prosperity Regions was selected based on the following and cross-matched by population:
  - Poverty
  - Unemployment
  - Labor participation
  - Renter occupancy
  - Vacancy
  - Households receiving assistance

TED
TALENT AND ECONOMIC DEVELOPMENT

2017 - 2018

STRATEGIC FOCUS

IMAGE

Improve Michigan's image as a business location and travel destination by:

1. Further advance the Pure Michigan brand to attract national and international visitors
2. Extend the Pure Michigan brand across business, community, and partner marketing initiatives
3. Strengthen talent's perception of the automotive and skilled trades occupations through the Brainpower and Skilled Trades attraction campaigns
4. Advance Planet M, promoting Michigan as the "mobility" place to find talent and opportunity

PURE MICHIGAN CAMPAIGN

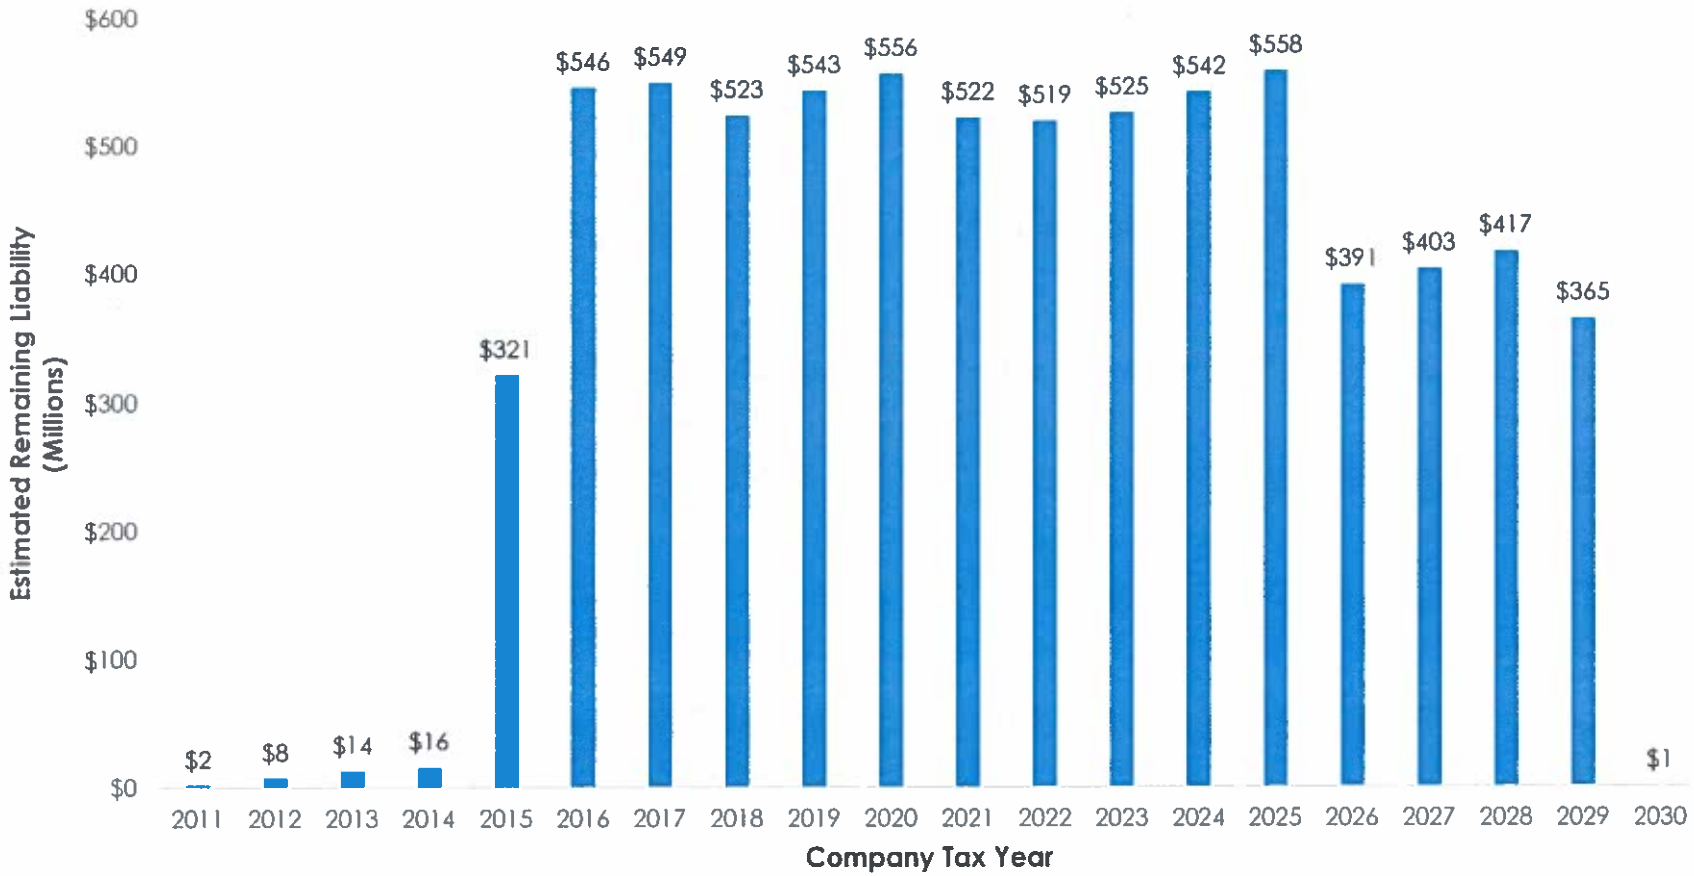
  - *As of January 1, 2017, there is 1 active Next Michigan renaissance zones.*

Michigan Economic Growth Authority (MEGA) Background

- Established in 1995 in response to interstate competition (PA 24 of 1995)
  --History of the time and the SBT, Work Comp and other business cost issues
- Originally tax credits for companies to create jobs and invest capital in Michigan, then became a job retention program
  --The program in changing economic times and the Great Recession
- Program has spanned three administrations under three business tax codes
- No new agreements after 2011 (PA 39 of 2011) and the change to MBDP

Remaining MEGA-related Liabilities Estimate Per Tax Year



MEDC's Current MEGA Policies

1. No amendments that increase liability
2. Asked that credits be taken in the year certified
3. Asked credit holders to annually project a 3-year credit redemption with an annual "not to exceed" statement
4. Credit liability estimation process made part of the consensus revenue estimating conference
5. Obtained credit holder agreements that create mutually agreed upon modifications for revenue transparency, credit stability and continued job growth

Estimates of Outstanding Certificated Credits by Tax Year Earned

Source: Michigan Economic Development Corporation and Michigan Department of Treasury based on best information available on current agreements.

Brownfield MBT Credit Program

- Program eliminated on December 31, 2011, no new credits issued since that time.
- As of September 30, 2016, there is approximately **$271** million in outstanding unclaimed credit liability.
- **$64.1 million** in certificates of completion claimed in **FY 2016**.
- There is a potential for Brownfield credits to be amended to extend their approved timeframe from 5 years to 10 years. A timeframe extension to 10 years does not increase the overall liability.
- Statutorily, outside of multi-phase credits, there is not a legal timeframe for a qualified taxpayer to request their credit, therefore, it is possible not all Brownfield credits will be claimed upon final expiration of all credits which occurs in early 2022.
