Good afternoon Molly,

**On behalf of the Michigan Organization on Adolescent Sexual Health (MOASH), I am writing in support of HB 4066.** Please enter my comments into the record of the Michigan House Energy, communications, and Technology Committee meeting for Wednesday, May 10, 2023.

MOASH was in support when Governor Whitmer established the Michigan High-Speed Internet Office (MIHI) to increase access to affordable high-speed internet for all Michiganders. This is a necessity for youth to access information, services, care, and community — including those related to sex ed and sexual and reproductive health care services. All Michigan youth deserve access to high speed internet — an increasingly basic need in our ever shifting society.

Best,  
Shakti
