“I feel a lots less intimidated by it. It’s resources for me. It’s not just a scary government website. It’s something that can help me get back on my feet.”

“[I like] the fact that you can click a button and it gets me exactly where I need to go, instead of logging into six different pages like it was before”

# Claimant Roadmap reaction

“Before, I would scroll down a couple of pages, and say forget it. This seems much more helpful. Where I need to go for my questions is clear. That's really nice.”

“[It] is easy to read. There is plain language with enough detail to clarify what the section is talking about. I think that's important.”

“Thinking as a seasoned HR person, this is a really good breakdown to give to someone who may not understand. I can't remember ever seeing this in my career.”

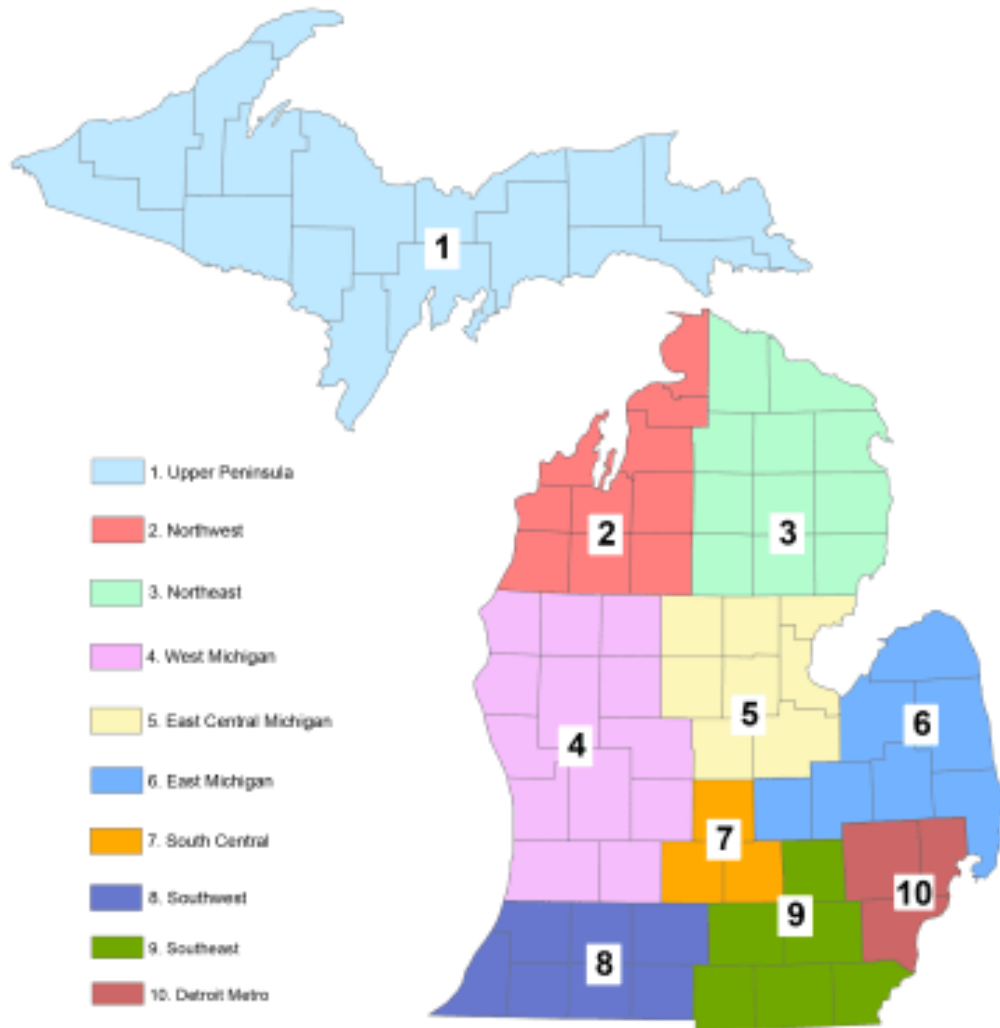

“You can't get away from the process but this makes it clear to me how I fit into the process.”
