Dear Representative Gordon,

I am requesting that you vote to pass H.B. 4112. As you know, Fetal Alcohol Affect is a preventable life sentence for children that many expectant mothers do not understand. The placement of warning signs at alcohol retailers would be one more chance for this word to get to them. No parent wants their child to be hampered by any preventable disease or condition.

Thank you for your kind attention to one of the most preventable conditions many children and adults face today.

Sincerely yours,

Susan N. Warr

Cc: Rep. Michael Webber (District 45); Sondra Gordon
Subject: Please pass HB 4112

HB 4112 (Rep. Vaupel) is on the agenda for tomorrow's house regulatory reform meeting at 10:30 a.m. This bill would require alcohol retailers to post signs warning people of the potential problems of drinking during pregnancy. There is research that states that requiring this type of signage, women report drinking alcohol at lower rates than in states that do not require these signs.

Thanks

Marsha Benz, Ann Arbor

Dear Sir:

Please support HB 4112. This information came to us through the Bay County Prevention Network.

Sincerely,
Paul Tappert
