Good afternoon Madam Chair and Committee Members,

Please enter into the official committee record my remarks on the following bills:

HB4837 - I support

HB4838 - I support with amendments

HB4839 - I support

HB4840 - I support with amendments

I find it appalling that this committee was formed in the 1st place. There was no need to re district things so that our state would end up looking like California and the other Democratic States that want redistricting, so that they get more votes. We already know they lack the support and votes of the USA.
