

Testimony: 2-22-2022 HB 4908

From: The American Legion Department of Michigan, Legislative Chair Tim Poxson

Thank you Representative LaFave and members of this committee. Today I come before you with the official position of the American Legion Department of Michigan and it is our position that we support HB 4908, with all do respect to our fellow Veteran Service Organizations who may take a different position. One week ago, today we opposed the bill. At that time, we did not have a good understanding of the bill. Currently, we have a much better understanding of this bill, by working with Representative LaFave, his staff. Items have been added to this bill that we think will be a benefit to Veterans across the Great State of Michigan. I want to take this opportunity to thank Representative LaFave and his staff, they were opened to work with us and as the Largest Veteran Service Organization in the State of Michigan and in the Largest Veteran Service Organization in the United States we appreciate it anytime when we have an opportunity to work with our Elected Officials on Legislative matters that will be a benefit to Veterans. Again, thank you to the Committee, for this opportunity to address you on HB 4908.

Respectfully Tim Poxson
