

Coalition for a Strong and Prosperous Michigan

Letter of Support

June 21, 2023

Chairman Fitzgerald and Members of the House Local Government Committee:

We are writing to support House Bills 4274 and 4275, which establish a revenue sharing trust fund and identify a stable funding source.

The Coalition for a Strong and Prosperous Michigan actively works to advance a bold vision to build our state's future and strategically invest in our residents, entrepreneurs, businesses, and communities. We believe by working together, Michigan can be a magnet for talent, revive and strengthen our economy now and into the future, and support thriving communities that all can enjoy. The creation of a revenue sharing trust fund is a key component to this vision and will support systems and structures that provide long-term sustainability for people, places, and businesses.

The decisions made during the current legislative session will define Michigan's future for years to come. The Coalition understands that our future success is inextricably linked, and the strategic investment of the state's available resources and policy implementation needs to support and strengthen these connections.

Ensuring we have great places to live, work and play is crucial to our economic success. Enacting this policy would be a significant step forward in preserving resources for local units of government to provide services, invest in infrastructure, improve quality of life, and attract talent and business. We ask that you support House Bills 4274 and 4275.

Sincerely,

Coalition for a Strong and Prosperous Michigan
