Subject: Please support Bill 569

Good morning, Committee Clerk Abdul-Basir.

As a professional in the film industry in Michigan since 1998, I have a long-term view of how impactful the "

The Senate Economic Development Committee voted *unanimously* to support Bill 569...with good reason – it demands that film work done here in our wonderful state be more Michigan-centric than it's ever been. No more wasted money, no more doling huge dividends to Southern California. Instead, Michigan workers reap the benefits, or the film doesn't get made.

Sounds like just what we need with so many of us out of work.

As the Michigan Senate has **approved** Bill 569 with over 89% of the Senate on-board, it's clear that this is a bi-partisan, complimentary tool that will help the Governor's plan to revitalize our state economy and get us all back on the solid foundation of consistent employment.
