**Overview**

Article VI of the State Constitution of 1963 forms the basis for Michigan's judicial branch of government. The Judiciary budget provides operational funding for the Michigan Supreme Court, the Court of Appeals, and related judicial agencies. The budget funds the salaries of justices of the Supreme Court and judges of the appeals, circuit, probate, and district courts according to constitutional and statutory requirements. Funding assistance for local trial court operations is provided through a variety of grant programs. The largest of these, the Court Equity Fund Reimbursement program, reimburses counties for trial court operations based on a statutory formula that recognizes circuit and probate caseloads and the numbers of judgeships.
