*Reflects pending State Budget Office letters requesting appropriation of funds to be received under American Recovery and Reinvestment Act as of September 17.

OVERVIEW

As of September 17, 2009, FY 2008-09 supplemental appropriation requests from the State Budget Office (SBO) for funds to be received under the ARRA totaling \$1.04 billion were pending before the Legislature. A reduction of \$863.6 million in GF/GP appropriations in the Community Health and Human Services budgets is associated with these requests, reflecting an increase in Michigan's federal Medicaid FMAP rate for the current fiscal year.

The House-passed version of Senate Bill 95, subsequently concurred to by the Senate and signed by the Governor without vetoes, contains all pending ARRA requests, except for a portion (\$21.0 million) of a request related to Federal Child Care and Development Funds in the Human Services budget (see item 8 below).

Boilerplate language included in the bill (1) states that ARRA funds are temporary in nature, (2) appropriates any additional funds awarded to Michigan through recalculation of formulas, (3) provides for the carry-forward of unexpended funds into FY 2009-10, and (4) requires subrecipients of funds to comply with all applicable federal requirements.

The bill represents the seventh FY 2008-09 supplemental appropriations bill containing funds received under ARRA. Including this bill, a total of \$4.7 billion in ARRA funds has been appropriated in the FY 2008-09 state budget.

COMMUNITY HEALTH			
1. ARRA Federal Medicaid FMAP Savings			
As a result of the ARRA, Michigan's federal Medicaid FMAP rate for the current fiscal year is increased from 60.27% to 69.58% for the first two fiscal quarters and to 70.68% for the last two quarters. The result is that Medicaid funded services in FY 2008-09 will have greater federal financial participation which results in local, state restricted and GF/GP savings. These local, state restricted and GF/GP reductions are identified in various Medicaid, Mental Health, and Children's Special Health Care Services appropriation lines.
