Overview

The Higher Education budget, contained in Article III of the compiled School Aid Act, provides funding for operational support of the state's 15 public universities, the AgBioResearch and Extension programs operated by Michigan State University; some retirement costs for employees who participate in the state public school employee retirement system; various financial aid programs for students attending public and independent colleges and universities in the state; and several other smaller higher education-related programs.

Major Budget Changes from FY 2020-21 YTD Appropriations

1. University Operations Increase

Executive increases university operations funding by \$29.7 million GF/GP. This includes a one-time \$29.2 million GF/GP increase to operations grants for universities, a 2.0% increase, and a \$484,000 GF/GP increase based on FY 2019-20 North American Indian Tuition Waiver program costs reported by institutions. Attainment of the one-time operations increase, labeled operational support payments, would be conditioned on restraining resident undergraduate tuition and fee increases to the greater of 4.2% or \$590 (set at 4.25% or \$586 in the current year). Projected funding increases for individual universities would range from 1.7% to 2.1%. Total funding for operations would be \$1.5 billion Gross (\$1.2 billion GF/GP).

House increases university operations funding by \$484,000 GF/GP based on FY 2019-20 North American Indian Tuition Waiver program costs reported by institutions. All operations funding would be allocated based on a funding formula that primarily uses a 3-year average of fiscal year equated students (FYES) multiplied by an established funding per FYES measure and FY 2020-21 appropriations levels and a 10% cap on increases above FY 2020-21 levels, with amounts over the cap redistributed through an iterative process to all institutions below the cap. House does not include the one-time funding increase or the undergraduate tuition and fee restraints. Projected funding changes for individual universities would range from (12.2%) to 10.1%. Total funding for operations would be \$1.5 billion Gross (\$1.2 billion GF/GP).

2. Michigan State University Extension and AgBioResearch Programs One-Time Funding Increase	Gross	\$65,073,400	\$1,301,400
	GF/GP	\$65,073,400	\$1,301,400
<p><u>Executive</u> includes a one-time operations increase for MSU's AgBioResearch program of \$698,700 GF/GP and Extension program of \$602,700 GF/GP, a 2.0% increase for both programs. Total funding for AgBioResearch and Extension programs would be \$66.4 million GF/GP. <u>House</u> does not include. <u>Senate</u> concurs with Executive.</p>			
3. Michigan Public School Employee Retirement System (MPERS) State Share of Unfunded Actuarial Accrued Liability (UAAL) Stabilization Payment	Gross	\$11,695,000	\$1,800,000
	Restricted	11,695,000	1,800,000
	GF/GP	\$0	\$0
<p><u>Executive</u> increases funding by \$1.8 million School Aid Fund (SAF) for the state's share of the universities' UAAL contribution to MPERS, a 15.4% increase. The state's share is the difference between the calculated unfunded accrued liability contribution to the system and the employer contribution cap of 25.73% of payroll for the seven universities with MPERS employees (Central, Eastern, Ferris, Lake Superior State, Michigan Tech, Northern, and Western). Funding for the state share of MPERS would be \$13.5 million SAF. <u>House</u> concurs. <u>Senate</u> concurs.</p>			
4. MPERS Normal Cost Offset	Gross	\$1,200,000	\$3,540,000
	Restricted	1,200,000	3,540,000

<p><u>Executive</u> decreases Tuition Incentive Program (TIP) by \$3.3 million federal TANF funding, a 4.8% decrease. TIP pays Medicaid-eligible students' tuition costs for associate degrees under Phase I and bachelor's degrees under Phase II. The decrease is the net result of a \$2.5 million increase to address anticipated program growth in FY 2021-22, and a \$5.8 million reduction through implementation of a program reimbursement rate cap of 2.5 times the average in-district community college tuition rate. Total funding for TIP would be \$65.5 million TANF. <u>House</u> increases TIP by \$2.5 million federal TANF funding to address anticipated program growth in FY 2021-22. Does not include the reimbursement rate cap. Total funding for TIP would be \$71.3 million TANF. <u>Senate</u> concurs with House.</p>

Major Boilerplate Changes from FY 2020-21

Sec. 265a. Performance Funding Formula Detail and Additional Requirements – RETAINED

Includes requirements for a university to receive the performance funding increase.

Executive revises language specifying funding applies to FY 2021-22 only. Replaces “performance funding” with “operational support payments.” Revises reporting date from October 1 to the last business day of August. Deletes language detailing the performance formula and revises to state that universities receive one-time operational support payments as an across-the-board funding increase proportional to each university’s share of total operations funding from the prior fiscal year. Deletes intent language on allocating more funding based on performance metrics in future years.

House concurs with reporting date revision and legislative intent language about performance metrics in future years. Revises formula that distributes operational funding by starting the phase in of a formula that multiplies the 3-year average of universities’ resident undergraduate and graduate FYES measure by a calculated FYES funding figure. The FYES funding figure is obtained by dividing the prior fiscal year’s operations funding, less \$100,000,000 for Carnegie Tier 1 distributions (universities classified as doctoral universities, very high research activity) and \$35,000,000 for Carnegie Tier 2 distributions (universities classified as doctoral universities, high research activity), plus any new funding, excluding North American Indian Tuition Waiver funding, by the total of all universities’ 3-year FYES averages. Carnegie Tier 1 and Tier 2 distributions would be divided equally by all universities classified in the tiers. The formula caps individual university increases at 10% above FY 2020-21, redistributing amounts over the cap using both an iterative process to every institution below the 10% cap through a revised 3-year average FYES measure while also including a hold-harmless distribution to universities located in the Upper Peninsula.

The formula for FY 2021-22 would allocate 33.3% of operations funding based on the FYES average and Carnegie Tier 1 or Tier 2 funding, and 66.7% based on FY 2020-21 appropriation levels, plus redistributed funding from the 10% institutional appropriation increase cap and Northern Regional hold-harmless funding if applicable. FY 2022-23 formula funding would allocate 66.7% of operations funding on the FYES average and Carnegie Tier 1 or Tier 2 funding, and 33.3% based on FY 2020-21 appropriation levels, plus redistributed funding from the 10% institutional appropriation increase cap and Northern Regional hold-harmless funding if applicable. For FY 2023-24, 100% of operations funding would be distributed based on the FYES average and Carnegie Tier 1 or Tier 2 funding, plus redistributed funding from the 10% institutional appropriation increase cap and Northern Regional hold-harmless funding if applicable. Indian Tuition Waiver funding would be excluded from formula calculations.

Senate retains.
