FY 2018-19 Supplemental Boilerplate Items

TREASURY

Sec. 301. Qualified Agricultural Loan Original Program

Specifies that funds are to be used to provide financial assistance to the agricultural sector and to alleviate financial distress caused by crop loss or damage or related economic impacts through the program; designates funding as a work project appropriation. Program guidelines are provided in the Agricultural Disaster Loan Origination Program Act, 2018 PA 111. Funds appropriated for the program would be used to pay loan origination fees for administrative costs incurred by a financial institution equal to 5% of the original principal amount of the loan. The Act requires qualified loan interest rates to be capped at 1% or at the rate of the 5-year treasury note plus ¼%; the term of the qualified loan to be no more than 5 years; and the value of the qualified loan to be no more than the amounts specified in the act depending on the type of entity applying for the qualified loan.
