<u>Major Budget Changes From FY 2015-16 YTD Appropriations</u>	<u>FY 2015-16 Year-to-Date (as of 9/16/15)</u>	<u>FY 2015-16 Enrolled Change</u>
1. Great Start Readiness Program (GSRP) (Sec. 32d)	Gross \$239,575,000	\$4,325,000
Provides an additional \$4.3 million or 1,193 half-day slots to the state's preschool program to ensure that each ISD is allocated at least the same number of preschool slots it received in FY 2014-15. Slots are allocated based on a statutory formula weighted by the number of the students who are eligible for free lunch. Program growth in higher poverty ISDs left fewer slots available to other ISDs for FY 2015-16.	Restricted 239,275,000	4,325,000
	GF/GP \$300,000	\$0

Major Boilerplate Changes From FY 2015-16

Sec. 6. Pupil Membership Definition

Deletes a phrase added for the FY 2015-16 budget that defines pupil participation "as determined by the department in accordance with the pupil accounting manual" for the purposes of pupil membership for a cyber school or the education achievement system. The pupil accounting manual was recently amended to require that participation includes being counted through a teacher-initiated, two-way interaction each week for the 4 weeks following the pupil count date.

Revises to allow a program primarily focused on educating homeless pupils to count pupils who are age 20-22 for FY 2015-16 who were previously enrolled and counted under Sec. 6(L) for FY 2014-15 even if they do not fulfill the new requirements that the pupil is homeless as defined by the Federal McKinney-Vento Homeless Education Assistance Act.

Sec. 21f. Online Courses

Revises the definition of a pupil's primary district from a pupil's district of residence to the district that enrolls the pupil and reports the pupil for pupil membership purposes to align with Sec. 6 pupil membership provision changes and to accommodate pupils that participate in choice and attend a district other than their resident districts.

Sec. 31a. At-Risk Pupil Support

Provides that the provision requiring that districts have 50% of 3rd grade students reading proficiently based on the state 3rd grade reading assessment and have three consecutive years of growth in the percentage of students deemed college- and career-ready on the state 11th grade assessment before having to redirect their at-risk fund expenditures would begin in 2018-2019, so that the results would be based on three full years of the new M-STEP assessment with 2015-2016 as the initial year in order to have consistently comparable data.

Sec. 107. Adult Education

Revises to correct an additional adult education eligibility provision that was added for FY 2015-16 such that eligibility is for an individual "at least" 20 years old as of September 1 rather than limiting it to an individual who is 20 on that date.
