Notes: (1) FY 2018-19 year-to-date figures include mid-year budget adjustments through March 5, 2019. (2) Appropriation figures for all years include all proposed appropriation amounts, including amounts designated as “one-time.”

**Overview**

The Michigan Department of Corrections (MDOC) is responsible for operation and maintenance of the state’s 29 correctional facilities that house felony offenders sentenced to prison. This includes provision of physical and mental health care, education, food service, transportation, and reintegration programming. Also, the department is responsible for supervision of all parolees and probationers under department jurisdiction and has oversight over community corrections programs and other programs designed to encourage alternatives to prison placement for appropriate offenders. As of September 1, 2019, the department was responsible for 93,880 Michigan offenders: 38,155 prisoners, 42,192 probationers, and 13,533 parolees.

**Budget Changes From FY 2018-19 YTD Appropriations**

1. **One-Time Funding for Training New Custody Staff**
   - Executive includes a one-time appropriation of $10.5 million GF/GP to train an additional 408 corrections officers to meet projected attrition needs. Funding supports salary and payroll costs of new officers while they participate in training, as well as costs for uniforms, training materials, certifications, food, travel, and lodging. (Travel and lodging is paid during training if participants live away from the facilities to which they are assigned.) Between 50 and 55 custody staff are projected to retire each month in the next year. With the additional funding added to the FY 2018-19 base of $9.5 million, the department would be able to train roughly 779 new officers in FY 2019-20. House does not include a line item appropriation, but includes boilerplate section 226 that directs the department to expend $7.4 million of unexpended work project appropriations for training new custody staff. Senate concurs with Executive. Conference concurs with House.

2. **Savings from Closure of Ojibway Correctional Facility**
   - Executive reflects a savings of $6.8 million GF/GP and a reduction of 217.9 FTE positions resulting from closure of the Ojibway Correctional Facility. Partial year savings of $19.2 million GF/GP was taken in the FY 2018-19 budget. The $6.8 million represents the remaining balance of full year savings. House concurs with Executive. Senate concurs with Executive. Conference concurs with Executive.
### 3. Hepatitis C Treatment

Executive includes $7.0 million GF/GP for the department to continue treatment of roughly 780 prisoners per year. Settlement of a recent lawsuit requires Medicaid to cover Hepatitis C treatment for patients with metavir scores of F1, beginning October 1, 2018, and to cover treatment for patients with metavir scores of F0 beginning October 1, 2019. Medicaid is seen as the standard of care for the department. Funding would be used to begin treating prisoners identified with metavir scores of F1 and F0. House includes an additional $100. Senate does not include additional funding. Conference concurs with Executive.

Deactivation will force the department’s switch to LTE or 4G devices in order to maintain coverage for electronic tether units. House does not include a line item appropriation, but includes boilerplate section 226 that directs the department to expend $4.6 million of unexpended work project appropriations for replacing electronic tethers. ### 8. Detroit Detention Center Contract Adjustment

Executive includes authorization to receive an additional $2.6 million of local revenue from the City of Detroit and an additional 3.0 FTE positions for continued operation of the Detroit Detention Center. The current contract between the department and the city expires on July 31, 2019. A new agreement will be negotiated and $2.6 million is an estimate of what increased costs would be, including one-time costs for physical plant upgrades. House concurs with Executive. Senate concurs with Executive. Conference concurs with Executive.
9. Program Eliminations

Executive reflects a savings of $4.7 million GF/GP due to the following program eliminations:

- Goodwill Flip the Script ($1.5 million) – funding was first included in the FY 2014-15 budget for Goodwill Industries of Greater Detroit in Wayne County to provide education, job training, and mentoring to troubled 16-39 year-olds, who have entered into the criminal justice system for the first or second time, in an effort to keep them out of prison.
- Substance Abuse Parole Certain Sanction Program ($1.4 million) – funding was first included in the FY 2015-16 budget for distribution to accredited rehabilitation organizations offering services to parole violators.
- Supervising Region Incentive Program ($1.0 million) – funding was first included in the FY 2016-17 budget to provide incentives to field operations administration regions that implement supervision practices, procedures, and sanctions directed at parolee and probation revocation reduction.
- Online High School Equivalency Pilot Program ($500,000) – funding was first included in the FY 2017-18 budget to serve up to 400 prisoners through a regionally accredited public or private school district that offers career-based online high school diplomas.
- Federally Qualified Health Center Pilot Program ($250,000) – funding was first included in the FY 2017-18 budget for the department to work with the organization that represents federally qualified health centers to implement a pilot project to ensure that behavioral and physical health needs of parolees and probationers are met.
- Kitchen Inspections ($50,000) – funding was first included in the FY 2018-19 budget for the department to pay for annual kitchen inspections at all correctional facilities.

House concurs with the Executive on eliminating all of the programs, but includes a $100 placeholder for the Federally Qualified Health Center Pilot Program. Senate includes a $100 placeholder for Goodwill Flip the Script, retains current year funding for the Substance Abuse Parole Certain Sanction Program, and eliminates funding for the remaining programs. Conference concurs with the Executive on eliminating funding for the Supervising Region Incentive Program, the Online High School Equivalency Pilot Program, the Federally Qualified Health Center Pilot Program, and for kitchen inspections. Conference retains current year funding for Goodwill Flip the Script, and includes boilerplate section 226 that directs the department to expend $1.0 million of unexpended work project appropriations to continue the Substance Abuse Parole Certain Sanction Program for one more year.

10. In-Sourcing Substance Abuse Services

Executive includes authorization for 30.0 FTE positions to provide consistent clinical support of both mental health and substance abuse treatment services throughout a prisoner’s sentence, rather than just prior to parole. Currently, prison- and non-prison-based substance abuse services are performed by contractors and $21.4 million is appropriated in a single line item titled Substance Abuse Treatment and Services. The department proposes in-sourcing prison-based substance abuse services and transferring $4.5 million of the $21.4 million to the Mental Health Services line item. The current Substance Abuse Treatment and Services line item would be eliminated, and the balance of $16.9 million would be transferred to the Offender Success Services line item, through which non-prison-based substance abuse services would continue to be provided contractually. The net fiscal impact is $0. House concurs with Executive. Senate concurs with Executive. Conference concurs with Executive.
