Overview

The Department of State (DOS) is the oldest department in Michigan state government. It is administered by the Secretary of State, an elected official who serves a four-year term of office and has constitutional and statutory duties. Services provided by the department include: registering and titling automobiles, watercraft, and recreational vehicles; regulating automobile dealers and repair facilities; registering voters and administering elections; and streamlining the collection of revenue. The department operates programs designed to enhance driver safety, protect automotive consumers, and ensure the integrity of both the motor vehicle administration system and the statewide elections process.

Overview

The Department of Treasury is the chief fiscal agency of the state and the primary source of advice to the governor on tax and fiscal policy issues. The department's mission is to collect state taxes; to invest, control, and disburse state monies; and to protect the state's credit rating and that of its cities. The department manages one of the nation's largest pension funds, administers revenue sharing, and administers the student financial aid programs. It also investigates fraudulent financial activity, provides assistance on all property tax-related issues and advises issuers of municipal obligations. The Bureau of State Lottery, the Michigan Gaming Control Board (MGCB), and State Building Authority (SBA) are autonomous agencies housed within the department.
