<p>CREP is a subset of the federal Conservation Reserve Program, authorized in the 2018 Farm Bill. CREP provides enhanced incentives to qualified producers and land owners in priority watershed areas to implement specific conservation practices designed to prevent soil erosion and improve water quality and wildlife habitat. Farmers and other landowners who agree to enroll eligible parcels in the program for 15 years receive cost-share assistance in establishing riparian buffers, field windbreaks, filter strips, wetland restoration, shallow-water wildlife areas, controlled livestock access, and other prescribed conservation practices. The federal program also provides annual rental payments to program participants for land enrolled in the program. [These federal funds are paid directly to program participants and are not reflected in the MDARD budget.]</p> <p>Of the \$5.0 million in state funds, \$4.4 million, identified as one-time, would be used to provide part of the 50% required non-federal cost-share for capital projects; \$600,000 is identified as ongoing for education, outreach, and technical assistance.</p> <p>State support is necessary for program participants to access federal funds – an estimated \$250.0 million in direct federal payments over a period of up to 15 years. The one-time funding would be established as a work project in boilerplate.</p>

Overview

Article VI of the State Constitution of 1963 forms the basis for Michigan’s judicial branch of government. The Judiciary budget provides operational funding for the Michigan Supreme Court, the Court of Appeals, and related judicial agencies. The budget funds the salaries of justices of the Supreme Court and judges of the appeals, circuit, probate, and district courts according to constitutional and statutory requirements. Funding assistance for local trial court operations is provided through a variety of grant programs. The largest of these, the Court Equity Fund Reimbursement program, reimburses counties for trial court operations based on a statutory formula that recognizes circuit and probate caseloads and the number of judgeships.

1. Direct Trial Court Automation Support

Includes authorization to receive \$920,500 in additional state restricted user fee revenues, which support the Judiciary’s Case Management System, making it available to more court users.

Overview

The state transportation budget supports state and local highway programs, public transportation programs, aeronautics programs, and administration of the Michigan Department of Transportation (MDOT). Historically, two-thirds of the revenue in this budget has come from state restricted revenue, with approximately one-third from federal sources. Most of the state-restricted revenue in this budget is constitutionally restricted – from motor fuel taxes and vehicle registration taxes – and is first credited to the Michigan Transportation Fund (MTF) and then distributed in accordance with 1951 PA 51 (Act 51) to other state transportation funds and programs, including the State Trunkline Fund (STF), the Comprehensive Transportation Fund (CTF), and local road agencies (county road commissions and cities/villages). Revenue from aviation fuel and registration taxes, as well as a portion of Airport Parking Tax revenue, is credited to the State Aeronautics Fund for aeronautics programs.

<u>Major Budget Changes From FY 2019-20 YTD Appropriations</u>	FY 2019-20 Year-to-Date (as of 2/6/20)	FY 2020-21 Conference Change
1. State Trunkline Road and Bridge Construction	Gross \$1,329,604,600	(\$2,470,800)
Appropriation for the state trunkline capital construction program would total \$1.3 billion, a net decrease of \$2.5 million. State restricted STF revenue reflects the STF share of estimated MTF revenue from motor fuel and vehicle registration taxes, as well as the STF share of \$600.0 million earmarked for road and bridge programs in the Income Tax Act. State restricted revenue also includes the appropriation of \$7.2 million in Blue Water Bridge Fund revenue for capital projects.	Federal 786,694,500	35,632,600
	Local 30,003,500	0
	Restricted 512,906,600	(38,103,400)
	GF/GP \$0	\$0

The decrease in state restricted revenue is offset in part by an anticipated increase in available federal revenue.

2. MTF to Local Road Agencies	Gross \$1,735,247,700	\$35,240,900
The estimated MTF distribution to local road agencies (county road commissions, and cities and villages) would total \$1.8 billion, \$35.2 million more than the current year. This reflects the Act 51 distribution of MTF revenue from motor fuel and vehicle registration taxes as well as the local share of \$600.0 million earmarked for road and bridge programs in the Income Tax Act.	Restricted 1,735,247,700	35,240,900

3. State Trunkline Maintenance

Includes a baseline increase of \$7.6 million STF to offset increased maintenance material costs.

FTE	760.7	0.0
Gross	\$405,641,800	\$7,625,600
Restricted	405,641,800	7,625,600
GF/GP	\$0	\$0

4. State/Local Traffic Signal Billing (Design and Engineering Services)

Includes \$2.4 million in MTF spending authority for costs of maintenance on shared state/local traffic signals. This continues streamlining of traffic signal billing system that began in FY 2019-20 when \$600,000 MTF was appropriated for costs of signal energy on shared state/local traffic signal installations.

Gross	\$600,000	\$2,400,000
Restricted	600,000	2,400,000
GF/GP	\$0	\$0

5. Debt Service

Includes \$215.1 million, a \$1.2 million increase from FY 2019-20, reflecting anticipated debt service schedules. Increased debt service supported by restricted revenue is offset, in part, by a reduction in debt service on bonds issued using a pledge of federal revenue.

Gross	\$213,897,500	\$1,198,800
Federal	81,155,000	(25,974,100)
Restricted	132,742,500	27,172,900
GF/GP	\$0	\$0

The change in debt service supported by restricted revenue is primarily due to changes in STF debt service schedules, reflecting ongoing STF debt service on previously issued STF bonds, as well as changes resulting from STF refunding and new bond sales.

6. General Fund Earmark for Local Bridges

Removes the \$13.0 million GF/GP in the Fixing Michigan Roads and Bridges line item that had been earmarked in boilerplate for the Local bridge program. Note that the \$13.0 million figure in the FY 2019-20 YTD column reflects the appropriation as of February 6, 2020. This FY 2019-20 appropriation was subsequently eliminated through Executive Order 2020-155 (July 22, 2020), one of the actions taken to resolve a projected GF/GP budget shortfall.

Gross	\$13,000,100	(\$13,000,100)
Restricted	0	0
GF/GP	\$13,000,100	(\$13,000,100)

7. Transportation Economic Development Fund (TEDF)

Reduces TEDF program by \$15.5 million to reflect anticipated reduction in available TEDF revenue. Most of this revenue reduction is a result of an agreement to redirect \$13.0 million in driver's license fee revenue from the TEDF to the state General Fund. This \$13.0 million fund shift is taken entirely from the competitive grant program Target Industries. In total, Target Industries was reduced from \$17.1 million to \$2.9 million, a decrease of \$14.2 million. The TEDF program is established and governed by statute, 1987 PA 231.

Gross	\$44,258,800	(\$15,464,300)
Restricted	44,258,800	(15,464,300)
GF/GP	\$0	\$0

Note that the \$44.3 million figure in the FY 2019-20 YTD column reflects the appropriation as of February 6, 2020. This FY 2019-20 appropriation was subsequently reduced by \$13.0 million through Executive Order 2020-155 (July 22, 2020), one of the actions taken to resolve a projected GF/GP budget shortfall. This reduction also reflected an agreement to redirect \$13.0 million in driver's license fee revenue from the TEDF to the state General Fund.

The redirection of \$13.0 million in driver's license fee revenue in both FYs 2019-20 and 2020-21, from the TEDF, Target Industries, to the state General Fund was effected through amendments to the Michigan Vehicle Code (Enrolled Senate Bill 1070) and to 1987 PA 231 (Enrolled Senate Bill 1071).

This CTF reduction was one element in an agreement to shift \$18.0 million in auto-related sales tax from the CTF to cover a deficit in the TACF in the Department of State budget. This fund shift will require an amendment to the Sales Tax Act. The budget retains the current year unrolling of the program into separate line items for Urban and Non-urban transit systems.
