**Overview**

Article VI of the State Constitution of 1963 forms the basis for Michigan’s judicial branch of government, which receives funds appropriated through the budget act for the Judiciary. The Judiciary budget provides operational funding for the Michigan Supreme Court, Court of Appeals, and related judicial agencies. The budget also funds the salaries of justices of the Supreme Court and judges of the appeals, circuit, probate, and district courts according to constitutional and statutory requirements. Assistance for local court operations is provided through a variety of grant programs. The largest of these, the Court Equity grant program, reimburses counties for trial court operations based on a statutory formula that recognizes circuit and probate caseloads and the numbers of judgeships.
