The Honorable Bradford Jacobsen
Chairperson, Government Operations Committee
Michigan House of Representatives
124 North Capitol Avenue
P.O. Box 30014
Lansing, MI 48909-7514

SUBJECT: City of Marquette Support for HB 4570, 4571, 4572, and 4573

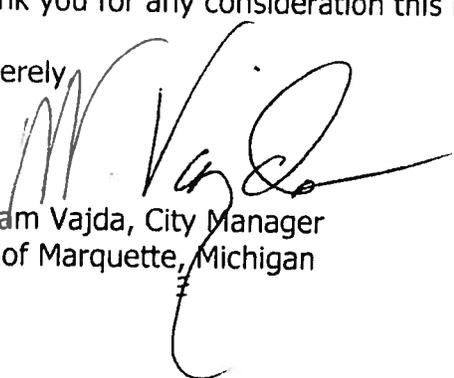

Greetings,

Please accept this note as evidence of the City of Marquette's strong support for the bills at SUBJECT.

The legislation will clarify the electric generating property (defined as "turbine") will not be treated as exempted industrial personal property. Industrial personal property is exempt from the school education tax and the school operating tax. The legislation will guarantee the electric generating property will be treated the same (not exempt) for years prior to the Personal Property Reform as it will be treated under Personal Property Reform.

Thank you for any consideration this may receive.

Sincerely

William Vajda, City Manager
City of Marquette, Michigan
