Subject: HRC 28

Resolution HRC 28 is concerning because it communicates false and misleading accusations of malfeasance and threat. I value the economic, social, and cultural contributions of refugees to my community and I urge you to support refugee resettlement. This resolution represents an unfounded fear of a vulnerable group of people. We as Americans and Michiganders are better than this. We are welcoming and we are a vibrant community with American citizens, immigrants, and refugees.

Thank you.
