Subject: House Concurrent Resolution 28

Good morning,

I am writing as a resident of Livonia, Michigan, and as the daughter and relative of immigrants to ask you to not support this resolution.

Immigrants are vital members of every community they are part of. They bring knowledge and understanding and a wealth of experience to their new homes. They are leaving situations that are detrimental to their very lives, and for this state - a state which has welcomed immigrants and refugees with open arms - to play to isolationist fears is upsetting and unacceptable.

The current vetting process for immigrants and refugees is extremely stringent. To pander to fearmongers by pretending to assuage any concerns in such a way is a disservice to this country.

Please do not move forward with this resolution.

Sincerely,

Suzan Hyssen
