Subject: Please pass HB 4795

Members of the House Local Government Committee,

I am writing you today to support House Bill 4795. I would like my support to be included in the meeting record, thus I have copied the clerk.

HB 4795 would help put an end to the reckless and dangerous disregard for Michigan Law by many local governments throughout the state who have snubbed their noses at adhering to preemption. These unlawful actions pose a clear harm to law-abiding citizens and taxpayers, and those responsible should be held accountable for the damage they cause.

Local governments throughout the state need to know that state laws are not merely "suggestions" that they can choose to ignore when they disagree with them.

Please report HB 4795 to the House Floor with a recommendation that it pass.

Many thanks for your time and consideration.
