Chairman, Senate Transportation Committee
P.O. Box 30036
Lansing, MI 48909-7536

Re: Senate Bill #501

Senator Casperson:

This letter is to serve as our support for Senate Bill #501 which modernizes Michigan's laws regarding foreign drivers. As a corporation we are always looking for ways to expand our business, attract and retain great employees and increase our ability to reach customers wherever they may be.

This bill would allow us to remove the potential hurdle of granting access to reliable transportation for our foreign employees, customers or visitors. Senate Bill #501 will allow the State of Michigan to be on par with other states and remove a challenge for certain foreign visitors that are coming into the state.

We are thankful that this Bill is being discussed and we are in full support.

Cordially,

SHAPE CORP.
